

Slow Digestion

A Frequent Form of Stomach Trouble
Readily Cured by Stuart's Dyspepsia Tablets.

This complaint continues one of the most common forms of dyspepsia. It is the bane of those who ignore natural laws, and forget that the healthy action of the stomach is dependent on the condition of both body and mind. Those whose pursuits oblige them to pass much of their time within doors; men of letters, and of business, whose minds are seldom perfectly relaxed; administrators, speculators, financiers, and the various professional men fall ready victims to it.

Slow digestion occurs in persons of all temperaments and habits, but oftenest in those of irritable, or nervous disposition, and anxious aspect of countenance, who are popularly characterized as "dyspeptic looking."

Eating too rapidly is a common, exciting cause of the disorder, as is also imperfect mastication of food from loss of teeth.

There is also a deficiency of the gastric juices, and an insufficiency of the motor and muscular, or churning movements of the stomach walls, and the food remains entirely too long in this organ, instead of being passed down into the small intestine at the proper time.

Even a dinner not exceeding the ordinary limits is followed at varying intervals, but usually within an hour, by a feeling of weight and oppression in the stomach. For several hours afterward the person experiences decided discomfort, and should even a light supper be taken, horrible nightmare and troubled dreams are certain to result.

"I should be quite well, if it were not necessary to eat," is a common statement made by sufferers from this form of stomach complaint. Many of them actually dread the approach of meal time, knowing what disagreeable symptoms they are sure to experience after eating; and would doubtless discontinue the ingestion of food into their stomachs altogether if it were possible to live without eating.

There is really no necessity whatever for depriving one's self of the pleasures of the table, or to starve the rest of the system because the stomach is derelict in its duty, and does not digest the food as quickly or as thoroughly as it should.

Stuart's Dyspepsia Tablets compel the stomach to perform its functions properly and assist it very materially in the discharge of its duties. A single grain of the principal digestive ingredient of these tablets being sufficient to digest 3,000 grains of food. They not only digest the food, however, but also tone up and strengthen the peptic glands, and the motor functions, so that the food will not remain in the stomach longer than necessary. Every case of slow digestion and all other forms of dyspepsia are readily curable by the use of these tablets, which make up the gastric deficiency, and supply the disordered stomach with exactly the same digestive juices that are found in a healthy, vigorous stomach.

Purchase a package of these wonderful digestors from your druggist today for 50 cents and cure yourself of your dyspepsia. Send us your name and address, and we will forward you a sample package free. Address F. A. Stuart Company, 150 Stuart Building, Marshall, Mich.

BROAD CHANGE IN EAST PASS IS REPORTED

CAPTAIN BARROW OF STEAMER TARPON GIVES IMPORTANT INFORMATION CONCERNING THE RANGE LIGHTS IN APPROACHES TO PANAMA CITY.

Capt. Barrow, of the Tarpon, informs the Pilot that there is a decided change in East Pass, and that the range lights as now placed cannot be followed, and to do so would result in a vessel grounding at a very dangerous part of the coast, says the Panama City Pilot this week.

When Engineer Turtle made the survey of this pass last year he found deep water making south from near the east end of Hurricane Island, with but a small sand bar cutting off this channel from the deep waters of the gulf.

The water has now broken through this slight barrier and this is now the deepest channel into the bay, as well as a mile and more the shortest. It is evident that the tides are now taking this channel, and it is also evident that owing to this, West Pass is filling up, the old East Pass is becoming impassable.

The attention of the Light House Board has been called to the necessity of changing the range lights, and the buoys should also be placed where they would make it safe for vessels to follow them in entering the bay. As it is at present, a boat cannot enter the bay in the night time, and it is unsafe for any vessel not in charge of some one acquainted with the change in channels, to attempt to enter the harbor through following the outside buoy.

The officials in charge of this district should give this matter prompt and remedial attention. Otherwise there is likely to be some serious disasters resulting from the misleading lighted buoys.

The opening of this channel demonstrates the value of Engineer Turtle's plan for deepening the entrance to the harbor, as it follows almost identically the line laid out by him as the most logical one to improve, and the opening of it by the action of the waters will save some in the matter of dredging.

The old, old story, told times without number and repeated over and over again for the last 36 years, but it is always a welcome story to those in search of health—There is nothing in the world that cures coughs and colds as quickly as Chamberlain's Cough Remedy.

THREE SETS OF TWINS BORN IN THE PAST WEEK

VERY EXTRAORDINARY OCCURRENCE SHOWN IN REPORTS FURNISHED BY CITY BOARD OF HEALTH AND A RECORD IS THUS ESTABLISHED.

Three sets of twins were born in Pensacola during the past week. Two sets were to white people and one to a negro couple. It is possible that this is the first time in a single week that such has occurred in Pensacola, for vital statistics failed to reveal such a like occurrence for many months back, and it is believed the past week's birth record in the matter of twins broke the record for the city of Pensacola.

Parents of the twins, as shown by the vital statistics returns for the week, their ages and places of residence, are as follows:
Paul Merlin, 32 years old, a fisherman residing at 607 South Bayview street. Wife was Cora Simpson, 32 years of age. One child a boy, the other a girl.

J. A. Fontaine, 35 years old, a carpenter, residing at 1415 West Jackson street. Wife was Minnie Balkum, 26 years old. Twins were both boys.

George W. Surles, colored, 52 years of age, a laborer, address not given, was the third father to be blessed with twins, a boy and a girl. His wife was Susan Menter, 39 years of age.

During the past week, as shown by the vital statistics from the office of the city board of health, there were fourteen birth reports, a total of seventeen new Pensacolians on account of the twins. The report shows nine deaths.

"There's a Reason"

INDIGESTION WILL VANISH

JUST A LITTLE DIAPEPSIN MAKES YOUR OUT-OF-ORDER STOMACH FEEL FINE IN ABOUT FIVE MINUTES.

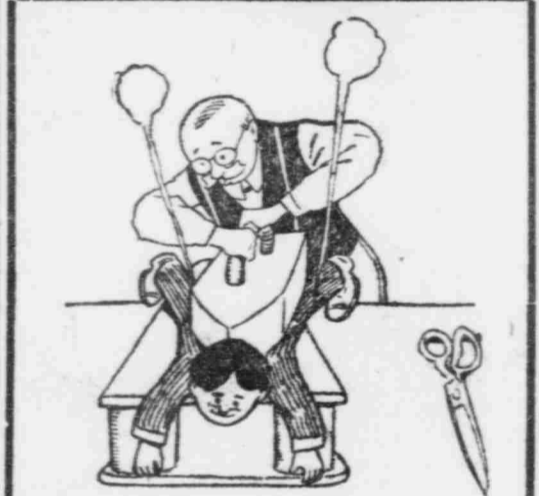

Take your sour, out-of-order stomach—or maybe you call it indigestion, Dyspepsia, Gastritis or Catarrh of Stomach; it doesn't matter—take your stomach trouble right with you to your Pharmacist and ask him to open a 50-cent case of Pape's Diapepsin and let you eat one 22-grain Triangle and see if within five minutes there is left any trace of your former misery.

The correct name for your trouble is Food Fermentation—food souring; the Digestive organs become weak, there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness or many other similar symptoms.

If your appetite is feeble, and nothing tempts you, or you belch gas or if you feel bloated after eating, or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.

Prove to yourself in five minutes that your stomach is as good as any; that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you take a little Diapepsin.

The Pressing Question

Is where can you get the most value and best satisfaction for your money in Fall Clothes.

AGED GERMAN RESIDENT DEAD

GUSTAV SIEDENTOPF EXPIRED EARLY LAST EVENING AFTER LINGERING ILLNESS—FUNERAL TO BE HELD TODAY.

Gustav Siedentopf, an aged and widely-known German citizen, died last evening shortly after 7 o'clock, at 232 West Intendencia street, after a lingering illness. He was a native of Germany, but had spent the greater part of his married life in America, selecting Pensacola as his home. He was 68 years of age and leaves a wife, a nephew, Henry J. Coberger, three grand-children and three great-grand-children. All of them reside in Pensacola, Mr. Coberger being the veteran patrol driver.

For many years the old gentleman and his wife followed the upholstery business but of late he has had no strength to continue in that line of work. To many Pensacola families he was well known.

The funeral takes place this afternoon, the cortege to leave the home about 2 o'clock, and the interment will be made at St. Michael's cemetery. Rev. J. F. W. Reinhardt, of the German Lutheran church will officiate at the home and at the grave. The pallbearers will be Messrs. John Zirklebach, Emil Pfeiffer, Fritz Konstanzer, R. Parise, E. Reidel and M. Roach.

PARDON PAPERS DID NOT ARRIVE

Disappointment was keenly felt last night after the 9:45 o'clock mail had been distributed when it was found that papers giving official notice of the pardoning of Harry Bennett and Harry Davis were not in the mail. A wire from Tallahassee to a client received last night stated the two named had been pardoned, so there is no doubt that the latest report was true in every particular.

FIRE ON ROOF; TRUCKS NOT CALLED

Fire on the roof of a small house at No. 1014 North Hayne street burned a few shingles late yesterday afternoon. Occupants busied themselves and stopped the blaze, thus not resorting to the necessity of calling out the fire trucks.

WILL RESUME RATE HEARING NEXT MONDAY

HON. EMMET WILSON, SPECIAL EXAMINER OF U. S. COURT, TO CONTINUE HEARING TESTIMONY IN THREE-CENT RATE CASE TOMORROW.

Special to the Journal.
Louisville, Ky., Nov. 6.—The hearing in the three-cent rate case, wherein the Florida railroad commission is seeking to put a three-cent passenger rate into effect on the L. & N. lines in Florida, will be resumed in Louisville, Monday, Nov. 18.

The hearings in the case were begun in Louisville, Oct. 22, when Hon. Emmet Wilson, the examiner in the case, resumed the taking of testimony, and the first matter under consideration was to finish the cross-examination of E. W. Farnham, whose examination was interrupted at Tallahassee, September 3, by the sudden illness of the witness. Upon convening at Louisville on the 22nd, the witness, Farnham, was still ill and the examination was furnished with a sworn certificate from Farnham's physician in Chicago stating that the witness had been continuously ill since the hearing at Tallahassee and was still physically unfit to go on the stand at this time, which condition will possibly last for an indefinite period. Thereupon, the examiner adjourned the hearing from Friday, the 22nd, to Monday, the 25th, to enable him to visit Chicago to see Farnham's physician and also to see the witness and make an investigation to satisfy himself and all parties concerned.

After re-convening on the morning of Oct. 25, the examiner made a lengthy statement with the physician and his examination of Farnham himself, announcing that from his examination he was convinced that the witness could not go on at this time and that it was very indefinite when he would be in condition to go on the stand again.

The cross-examination of Fred Pettit John was then taken up and continued through the day of the 25th and was finished at noon of the 26th; at the afternoon session the president of the Mutual Audit Company, Mr. C. W. Hillman, took the stand for direct examination and continued until Saturday evening, the 30th, when he finished and was tendered to counsel for the L. & N. R. Co. for cross-examination and who immediately asked for an adjournment for 30 days, which he afterwards amended to some date after January 1st. Mr. Massey, counsel for the railroad commissioners, made an argument against the motion and the examiner then stated that he would adjourn until Monday morning, November 1st, to hear further argument from counsel, after which he would render a decision. Convening Monday morning and after hearing arguments, he decided that a postponement to Monday, November 8th, was a reasonable time in which to enable complainants' counsel to prepare himself for the cross-examination of Mr. Hillman.

President Hillman, of the audit company, has gone into this case in a very elaborate and detailed manner, and it is expected that his cross-examination will consume a considerable time.

TO ORGANIZE A NEW CHURCH

REV. J. S. SIBLEY, OF PENSACOLA, NAMED ON COMMITTEE TO ESTABLISH NEW PRESBYTERIAN CHURCH AT M'ARTHUR'S STILL, IN CALHOUN COUNTY.

At the late session of the Florida Presbytery, which was held at Panama City, Fla., a petition was received from citizens at McArthur's Still, in Calhoun county, requesting that a Presbyterian church be established there.

It was ordered that the request be taken up and complied with if conditions for organization were good and the way clear. The matter was referred to a committee consisting of Rev. J. S. Sibley, of the First Presbyterian church, Pensacola; Rev. Clyde Johnson, of Marianna; Rev. J. D. Rountree, of Apalachicola, and Ruling Elder John Thomas Porter, of Grand Ridge.
